A close-up photograph of various cosmetic items. On the left, a portion of a red lipstick tube is visible. In the center, a red cylindrical container, possibly for lip gloss or another cosmetic, stands upright. To the right, a clear glass jar with a white lid is open, revealing a vibrant pink blush powder. In the foreground, a black makeup brush with dense bristles lies horizontally. The background is a soft, out-of-focus light color, creating a clean and aesthetic composition.

A close-up photograph of several dental instruments. In the foreground, a dental mirror with a circular, gold-tinted reflective surface is the central focus. Behind it, the handles and curved jaws of various dental forceps are visible, some with textured, knurled grips. The background is softly blurred, showing more dental tools and a blue cord. The overall lighting is bright and clinical.
